

## American Walk in Coolers Refrigeration

- **1 & 5 YEAR COMPRESSOR MOTOR**
- **1 YEAR PARTS**

The one year period begins when your equipment is started up. If your start-up is delayed for some reason, please let us know right away. Any part under this warranty that are determined by AWIC to be defective within this time period, is limited to the part replacement only, no labor coverage. Prior authorization from AWIC is required please call our service department at AWIC. **1-800-430-4468 all factory coordinated field installations are covered by a 60 day labor warranty.** Labor warranties do not extend to customers who either install or sub-contract the installation services of the equipment themselves. **1 YEAR PARTS WARRANTY** Applies to all mechanical components of your equipment, Should AWIC determine that any mechanical Component is defective through normal use; we will provide a replacement part at no charge to you, F.O.B. factory. We may require the defective component to be returned for inspection. We will provide complete instructions when contacted. If we instruct your local service technician to replace the part from a local supply house, we will reimburse the wholesale cost when furnished with the defective part and a copy of the wholesale invoice. **COMPRESSOR MOTOR WARRANTY** Your compressor motor is warranted to be free of defects in both manufacturing and workmanship for a period of 1 year, if 4 years extended was purchased on your approved sales agreement. Should your compressor fail within the first year of service, it can be exchanged free of charge at a local factory-authorized wholesale house. The replacement compressor is only covered by the unexpired portion of the original warranty. Instructions will be given by AWIC as to the disposition of the defective compressor. A second compressor failure will require a factory analysis as to the cause.

**EXCLUSIONS TO FACTORY WARRANTIES APPLIES TO ALL WARRANTIES** Adequate, uninterrupted power must be available to match the unit's electrical specifications Adequate air or water flow must be provided. Air-cooled condensers must be kept clean. Tampering with factory control settings will void warranty. Damage due to abuse, neglect, alteration, misuse, accident, damage during transit or a Non-factory installation, fire, floods, acts of God or other events beyond AWIC's control will not be covered.

**AWIC is not responsible for economic loss, profit loss, or special, indirect or consequential damages, including without limitation, losses or damages arising from product spoilage claims whether or not on account of refrigeration failure.** We encourage you to pursue an independent insurance policy to offer protection for these possibilities if desired. There are no other warranties, express, implied or stated, except the 1 year parts warranty and 1 or 5 year compressor warranty as described on this document. These warranties are exclusive and in American Walk in Coolers lieu of all other warranties, including implied warranty and merchantability or fitness for a particular purpose. There are no warranties that extend beyond the description on the face hereof. This warranty is not transferable and applies only in favor of the original purchaser/user to whom delivered. Any such transfer or assignment shall void the warranties herein made and shall void all warranties, express or implied, including any warranty of merchantability or fitness for a particular purpose.

### **SPECIAL NOTE REGARDING "SELF-INSTALLED EQUIPMENT"**

If you have purchased equipment on a material only basis, and are coordinating your own installation, there will be no labor coverage in the event of an equipment failure. The 1 year parts warranty and 1 & 5 year compressor warranty will still remain in force, but the labor to replace a defective part will not be covered, regardless of the time at which it was discovered. Self Installed equipment or contract installation labor warranty will be covered under the mechanical sub- contractors labor warranty policy.

**Exclusions:**

- A) Any gases, such as refrigerant, CO2 or nitrogen are not considered a mechanical part. Brazing charges and material, recovery, evacuation and related service charges are considered to be labor and are not covered under the manufactures warranty.
- B) Light bulbs, gaskets, sweeps, glass shelving and any other normal "wear and tear" item are not covered by the parts warranty.
- C) All labor charges associated with the diagnosis and replacement of the defective part are not covered, regardless of when the failure occurs. The only exception is when a one year or 60 day labor warranty is in effect on a factory installation only.

**1 & 5 YEAR COMPRESSOR WARRANTY**

- A) Any additional parts required in the compressor replacement procedure are not covered, unless the failure occurs within the 1 year parts warranty period.
- B) All labor charges associated with the diagnosis and replacement of the defective part are not covered, regardless of when the failure occurs. The only exception is when a one year or 60 day labor warranty is in effect on a factory installation only.
