

## Build American, Buy America Compliant Walk-in Coolers & Freezers

The following provides language for self-certification:

The undersigned certifies, to the best of their knowledge and belief, that: The Build America, Buy America Act (BABA) requires that no federal financial assistance for “infrastructure” projects is provided “unless all of the iron, steel, manufactured materials, products, and construction materials are produced in the United States.”  
Section 70914 of Public Law No. 117-58, §§ 70901-52.

The undersigned certifies that “*American Walk in Coolers*” manufactured panels, doors, walls, ceiling, floors, refrigeration and other construction materials used are in full compliance with the BABA requirements including:

1. All iron and steel used in the manufacturing process are produced in the United States. This means all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.
2. All manufactured products purchased with FEMA financial assistance must be produced in the United States. For a manufactured product to be considered produced in the United States, the cost of the components of the manufactured product that are mined, produced, or manufactured in the United States is greater than 55% of the total cost of all components of the manufactured product, unless another standard for determining the minimum amount of domestic content of the manufactured product has been established under applicable law or regulation.
3. All construction materials are manufactured in the United States. This means that all manufacturing processes for the construction material occurred in the United States.

*American Walk in Coolers*, certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, understands and agrees that the provisions of 31 U.S.C. Chap. 38, Administrative Remedies for False Claims and Statements, apply to this certification.

Authorized Official:

Charles Gene Igo / CEO “American Walk in Coolers”  
Authorized Official Documenting Compliance with BABA
